IV. Framework of the complaint handling and management within FAM

FAM is organised in order to respond to the legal and regulatory requirements, including to the provisions of Regulation CSSF 16-07.

- Within FAM, Mr. Jean-Jacques Lava has been appointed as centralizing correspondent of complaints.

He's in charge to communicate, on an annual basis, the register of recorded complaints which will be provided under a table that will be inserted into the annual compliance activity report addressed to the CSSF, at the latest, in the following month of the ordinary general Assembly.

This table will provide information on the number of complaints registered by FAM, classified by type of complaints (Management Company/ Funds) as well as a summary report of the complaints and the measures taken in order to handle them together with the period within which they have been handled, the potential compensations granted and its potential impact.

- Any complaint, whatever the amount, has to be immediately communicated to the centralizing correspondent of complaints who will receive the original. Simultaneously, a copy will be addressed to the Compliance Officer.

- The centralizing correspondent of complaints and the Compliance Officer will handle and manage the complaint within a reasonable timeframe. They will collect the necessary elements to make sure they have a clear and deep view enabling an accurate assessment of the situation.
- The Compliance Officer will register the complaint and will provide a written acknowledgement of receipt to the complainant within a period which shall not exceed 10 business days after receipt of the complaint, unless the answer itself is provided to the complainant within this period.

The letter materializing the receipt of the complaint will indicate the name and details of the person in charge of the handling of the complaint. The complainant will benefit of a constant assistance on the progress report of the file.

Equally, the complainant will be informed on the possibility to rise the complaint up to the level of the management of the professional. In this respect, FAM provides the contact details of a person responsible at this level into the registered letter with acknowledgment of receipt together with the possibility for the complainant to refer to the CSSF, as entity of the extrajudicial regulation, in a maximum timeframe of one year starting from the date he filed his complaint with FAM.

- The centralizing correspondent of complaints will collect and examine all the evidence and information to apprehend correctly the invoked grievances with the aim to bring an adequate response to the complainant. If needed, the centralizing correspondent of complaints will find support amongst the other departments of FAM.
- The centralizing correspondent of complaints and the Compliance Officer will ensure that the response letter is (i) written in a comprehensive language, (ii) will check whether a translation is needed and, (iii) informs the complainant about its capacity to rise the complaint up to the level of the management of the professional and to the CSSF as entity of extrajudicial settlement within one year after he filed his complaint with the professional .
- The response will include clear, comprehensive, precise and up to date information on the handling complaint procedure.
- Every response letter will have to be checked and its content approved by a member of FAM's management committee. Should a compensation be granted, its amount shall be approved upfront by two members of the management committee.
- The final letter will be addressed to the General Manager which will adapt the layout to the standard correspondence. It will be signed by two members of the Management Committee and/or two persons empowered to sign for and on behalf of the Board of the Fund.
- The Compliance Officer will transmit the response to the complainant without undue delay and without exceeding one month from the reception date of the complaint. In the case no response is made within this one month period of time, the centralizing correspondent of complaints will inform the complainant on the reason of such delay and will provide the date at which the complaint assessment will be finalized.

In any case, the complaint will be analysed and handled in respect of the terms of the conflicts of interest procedure applying at the level of FAM and the Funds.

V. Management of the complaint outcome

Several situations are to be distinguished:

- If the client is satisfied with the given response, the original complaint and the copy of the response provided by FAM to the client will be archived by the General Manager. A scan of the response will be attached to the initial complaint and kept in the electronic file of the client.
- If the client considers the given response unsatisfying, FAM will provide a complete explanation on its position on the complaint, judged or not as such.
- The complainant and FAM could decide to have a recourse to the out-of-court complaints procedure to resolve the disagreement. In this case, the complainant will follow the procedure as described in the CSSF Regulation 16-07.
- It will be up to FAM to support the charge of the proof regarding the given information and the delays within which such information have been given.

VI. Terms and conditions applying to CSSF out-of-court complaint handling

A. Introduction of the request :

- The referral to the CSSF is made in the context of an amicable solution research and cannot be assimilated to any mediation.

It is brought to the complainant's knowledge that the CSSF's motivated conclusions are not constraining towards the parties.

- Some prior conditions determine the eligibility of the complaints introduced at the CSSF. To be valid, the complaint has to firstly be submitted to the person in charge of the complaint handling as well as to the management of the professional and shall not have received a response in the delay of one month from the date the complaint has been sent to the professional or, have received a response which, in the opinion of the complainant, is not satisfactory.
- The complainant can refer to the CSSF within one year after he filed his complaint with the professional. The complaint shall be introduced in accordance with the terms as fully detailed at point III of the present procedure. The request has to be motivated and accompanied by a certain number of documents with details contained in article 5 of CSSF Regulation 16-07.
The complainant is invited to consult the CSSF website at the following address <http://www.cssf.lu/en/consumer/complaints/> which contains a certain amount of useful information regarding the terms of an extrajudicial complaint introduction to the CSSF.

- FAM is informed by the CSSF via the transmission of a copy of the complainant's complaint and will be required to take position within a delay of one month following the sending of the file. The CSSF informs the applicant of this transmission.

- The request has to be introduced in Luxembourgish, German, English or French.

B. Treatment of the complaint

- Where the analysis of the file relating to the request is completed, the CSSF addresses a conclusion letter to the parties, including the statement of reasons for the position taken within a delay of 90 days. Where it concludes that the request is totally or partly justified, it asks the parties to contact each other to settle their dispute in view of the reasoned conclusion and to inform it of the follow-up.

Where the CSSF comes to the conclusion that the positions of the parties are irreconcilable or unverifiable, it informs the parties thereof in writing.

The 90-day period starts running where the CSSF receives a complete request.

The 90-day period may be extended in the case of highly complex files. In this event, the CSSF informs the parties of the approximate necessary extension as soon as possible and at the latest before the end of the 90-day period.

- The parties are also informed that due to the fact that the reasoned conclusions of the CSSF are not binding on the parties, they are free to accept or refuse to follow them. In the conclusion letter, the parties' attention is also drawn to the possibility to seek remedies through legal proceedings.
- The parties inform the CSSF in writing, of their intention to accept or refuse to follow the proposed solution by the CSSF in a reasonable due time.
- If the client is assisted by a lawyer, the Compliance Officer will inform the management committee which will follow the case if needed, with the support of the concerned departments by the complaint.
- The Management Committee will accrue the potential impact of costs associated to the legal proceeding.
- The closing of the procedure CSSF ends according to the terms provided for by article 5 paragraph 9 of CSSF Regulation 16-07.

C. Representation by the legal authorities

When a complaint is not amicably resolved and is to be analysed by the legal authorities, FAM will be represented by a member of the management committee who will be the contact person to the legal authorities and will be in charge of the correspondence.

The member of management committee will receive any correspondence from the legal authorities and will transmit it with the acknowledgement of receipt, to the Compliance Officer who will be in charge to treat the correspondence with the support of all the implicated departments.

D. Internal reports

On a quarterly basis, the Compliance Officer reports to the management committee and to the board of directors, the detail of the complaint register which encompasses the corrective actions taken (if any) to resolve any complaint.
